38 I am respectfully of opinion that in a matter like this the principle of dealing each case on its merits is likely to lead to great embarrassment to the department and possible inequality in dealing with different cases of a similar nature owing to personal equation of the authority empowered to recommend. It seems a good principle

Submitted to His Highness.

The facts of the case are explained in the late Dewan Mr.Madhava Rao's submission note dated 27th July 1908 to which kind reference is invited.

2. The recommendation then made to incorporate a suitable rule in the Mysore Service Regulations fixing a maximum limit of 2 years for allowing temporary service of Engineers and Upper and Lower Subordinates to count for pension was not approved by His Highness. And the ruling sanctioned in notification P.W.D. of 7-8-1894 and Govt. Order of 19-7-1895 has continued to be in force.

3. In his letter dated 20-10-1916, the Comptroller again brought to the notice of Government the necessity of incorporating in the Service Regulations the said ruling in accordance with Article I (B) of the Mysore Service Regulations in as much as the Audit Department has been allowing the concession sanctioned in the Govt. Orders of 7-8-1894 and 19-7-1895 to all the Engineer officers and Upper and Lower Subordinates as a matter of course and without obtaining orders in each individual case.

4. The Financial Secretary accordingly respectfully solicited reconsideration and fresh orders in the matter of incorporating in the Mysore Service Regulations the rule submitted for His Highness' approval in July 1908 because the result of leaving things as they are is not the consideration of each case on its merits as contemplated in His Highness' gracious orders of 29-7-1908 but the grant of the concession as a matter of course to all under the orders of 1894 and '95.

5. The subject was considered in Council on the 9th December 1918 who were in favour of disallowing this privilege as a general rule, each individual case in which such a concession might be granted being required to be reported to Government for orders.

6. The Financial Secretary having recorded another respectful representation in his note dated 18th December 1918, the Council have again considered the subject in all its aspects on 13th February 1919 and their resolution confirming their previous opinion with certain modification is reproduced below:-

> "As a rule, temporary service should not count for pension but in exceptional cases special recommendation in the matter may be made in each case at the time of confirmation. The cases of men now in permanent service but who have put in temporary service, and in whose cases definite orders have not yet been passed on this matter, may be brought up (by the P.W.Secretary) for orders."

7. The question has now been thoroughly considered. The opinion of the Council finally arrived at on 13th February 1919 may be graciously approved.

Sir,

I have the honour to state that the Government in their Proceedings No.688-99/3709-30 dated the 19th July 1895 sanctioned that the temporary service of the Lower Subordinates in the Public Works Department should be counted towards pension on their being transferred to permanent Establishment and accordingly declared the temporary service of the subordinates then in the Department as per list attached to Government Order as service counting towards pension.

2. The question of the incorporation of the above orders of Government in the Mysore Service Regulations in accordance with Article I(B), Mysore Service Regulations, is under correspondence with the Chief Engineer since November 1906.

3. The Chief Engineer replied in his No.4368 dated the 12th June 1907 that the question was referred to Government in the General Department during May 1907 and that the orders on the subject must be awaited.

As orders of Government have not been communicated

to this office in spite of several reminders to the Chief Engineer and as the question is pending from a very long time, I request the favour of your communicating early orders of Government on the subject.

Comptroller to the Government of His Highness the Maharaja of Mysore.

To

Rajamantrapravina Diwan Bahadur
J. S. Chakravarti, ESQ., M.A., F.R.A.S., etc.,
Secretary to the Government of Mysore,
Financial *Department.*

SIR,

Adverting to your letter No.Fl.2610/S&A.196-16 dated the 28th November 1917, I have the honor to state that temporary service of Lower Subordinates when subsequently confirmed is being counted towards pension as a matter of course as per Government Order No.688-99/3709-20 of the 19th July 1895 and no special orders of Government are obtained for counting such temporary service.

In the case of Upper Subordinates, reference is requested to Public Works Secretary's Note dated the 10th November 1894 referred to in the Government Order of the 19th July 1895 (copy enclosed) which admits of such service also being counted towards pension as a matter of course.

I have the honor to be,

Sir,

most obedient servant,

M N Krishna Rao

Comptroller.

for orders.

The question has been raised as to whether the service -- rendered by the L.C.E's and B.C.E's in the Temporary Establishment, before their transfer to the Permanent Establishment should be allowed to count towards pension.

II. It has hitherto been the rule to appoint these men in the first instance to the Temporary Establishment and to transfer to the Permanent Establishment as vacancies occur therein, such of them as are reported to have done well and to be considered deserving of encouragement. I put up a statement showing the temporary service thus rendered by each individual, from which it will be seen that the first five officers who now belong to the Permanent Establishment have had all more than 3 years temporary service. The other officers in the list still belong to the Temporary Establishment. It will be seen that two of them have been attached to it for more than 6 years, and 2 others for more than 5 years.

III. Under the rules in force, the Temporary Service of these officers does not count towards pension and seems hard that they should loose the benefit of so many years and though of course they were aware when they accepted temporary service that such temporary service would not count.

IV. I would recommend that the Temporary Service should be allowed to count towards pension in all cases in which the men are favourably reported on and are considered deserving of transfer to the permanent establishment. In my opinion, this concessio would be a strong incentive to exertion and better working on the part of all appointed to the Temporary Establishment,

V. This concession might also be extended to the Upper Subordinate Establishment in which the same arrangement is

force.

Sd/- D. Mc Neil Campbell Lt.,Col.R.E.,
Secy to the Govt. of Mysore, P.W.D.,
12th July 1894.

The concession recommended may be given and notified to all concerned.
